## The future lies in the answer. The future is First Class.

There are thousand reasons for choosing First Class:

- it is manufactured by Elmeco, which is now certified to ISO 9001-2000
- it is the only real multipurpose machine, ideal for the perfect mixing of cold soft-drinks, slush, sorbets, yoghurt and milk-shakes
- it is the first machine fitted with a double-propeller mixing system which guarantees perfectly homogenous mixing
- it comprises "Total Cold" - the patented cooling system from below which guarantees a product that is cooled perfectly to the very last drop
- it may be cleaned very quickly and helps you respect the HACCP sanitary regulations
- it possesses an electronic system which makes it easier to operate
- it is the only horizontal slush machine without rubber gaskets and without the need of lubrication
  - routine maintenance is reduced to a minimum
  - it has an innovative design and is available in a wide range of colour combinations, so becoming a real furnishing element
- it has a capacity of no less than 12 litres/3,2 gal for every bowl and offers you the opportunity to increase its capacity up to 72 litres/19,2 gal (Refill System)
- it is safe to use, thanks to the automatic shut-off devices which intervene when the cover is opened or in case of accidental short-circuiting.
